

BEFORE THE  
OFFICE OF ADMINISTRATIVE HEARINGS  
STATE OF CALIFORNIA  
FOR THE  
BOARD OF EDUCATION  
SAN DIEGO UNIFIED SCHOOL DISTRICT

In the Matter of the Reduction in Force  
Proceedings Concerning:

OAH No. 2012020859

Respondents listed in Appendices A, B, & C.

**PROPOSED DECISION**

Roy W. Hewitt, Administrative Law Judge, Office of Administrative Hearings, State of California, heard this matter in San Diego, California, on April 18, 19, 20, and May 9, 2012.

San Diego Unified School District General Counsel Lawrence M. Schoenke, Esq. and Assistant General Counsel Patrick D. Frost, Esq., represented the San Diego Unified School District (the District).

Fern M. Steiner, Esq., of Tosdal, Levine, Smith, Steiner & Wax, Attorneys at Law, and Constance Hsiad, Esq., of Rothner, Segall & Greenstone represented all respondents except those listed below.

Respondents Michael Little, Leslie Jimenez, and Jody Kissin represented themselves.

The matter was submitted on May 9, 2012.

**FACTUAL FINDINGS**

1. William Kowba, Superintendent, San Diego Unified School District, made and filed the accusation dated March 30, 2012.
2. Respondents are certificated district employees.
3. On March 6, 2012, in accordance with Education Code sections 44949 and 44955, Lamont Jackson, Chief Human Resources Officer, San Diego Unified School

District, made a presentation before the Board of Education of the San Diego Unified School District (the Board) recommending the reduction or discontinuance of particular kinds of services for the upcoming school year. Mr. Jackson presented all of the justifications for the recommendation.

4. On March 6, 2012, the Board adopted a resolution determining that it would be necessary to reduce or discontinue particular kinds of services at the end of the current school year. The Board determined that the particular kinds of services that must be reduced for the 2012-2013 school year were the following full time equivalent (FTE) positions:

The proposed reductions were in response to a projected approximately \$120,000,000 budget shortfall the District expects to experience at the beginning of the 2012-2013 academic year.

5. The Board further determined:

That in selecting those permanent certificated employees who shall receive notice of termination pursuant to this Resolution, Education Code section 44955 allows the Governing Board to deviate from terminating a certificated employee in order of seniority by virtue of their competence, credential(s), assignment, and the specific needs of the District and its students. The Superintendent or designee may deviate from seniority order in order to retain certain certificated employees in specific programs, courses, or courses of study, based on special training and experience. These areas primarily include, but are not limited to, the following:

A. Special training and experience in an assignment requiring Bilingual Certificate of Competence (BCLAD) in Mandarin Chinese, French, or Spanish and teaching experience in that language immersion program in the 2011-12 school year in order to serve the student population at the language immersion school programs in Mandarin Chinese, French, or Spanish for the 2012-13 school year.

B. Special training and experience obtained in an assignment in the 2011-12 school year requiring specific training to provide the International Baccalaureate (IB) Program

curriculum in order to serve the student population at IB school sites under the IB programs in effect in the 2012-13 school year.

C. Special training and experience obtained in the previous three (3) school years (including the 2011-12 school year) in an assignment under the Quality Education Improvement Act (QEIA), Education Code section 52055.740, in order to serve the student population at QEIA school sites under the QEIA programs in effect in the 2012-13 school year. (Exh. 3)

6. The Board directed the superintendent or his designee to determine which employees' services would not be required for the 2012-2013 school year as a result of the reduction of the foregoing particular kinds of services. The Board further directed the superintendent or his designee to send appropriate notices to all certificated employees of the District who would be laid off as a result of the reduction of these particular kinds of services.

7. On or before March 15, 2012, the District timely served written notices and precautionary notices on 1, 656 certificated employees informing the employees that the superintendent had recommended that their services would not be required for the upcoming school year. The notice set forth the reasons for the recommendation. The notice advised the certificate employees of their right to a hearing, that each employee had to deliver a request for a hearing in writing to the person sending the notice by the date specified in the notice, a date which in each case was more than seven days after the notice was served, and that the failure to request a hearing would constitute a waiver of the right to a hearing. The District subsequently timely served the certificated employees with the accusation.

8. The certificated employees listed in Appendix A (respondents) timely filed written requests for hearing and notices of defense. All pre-hearing jurisdictional requirements were met.

9. The services the Board addressed in the resolution were "particular kinds of services" that could be reduced or discontinued within the meaning of Education Code section 44955. The Board's decision to reduce or discontinue these particular kinds of services was not arbitrary or capricious and constituted a proper exercise of discretion. No particular kinds of services were lowered to levels less than those levels mandated by state or federal law<sup>1</sup>.

10. The reduction or discontinuation of particular kinds of services related to the welfare of the District and its pupils. The reduction or discontinuation of particular kinds of

<sup>1</sup> One of the respondents who works for the district as a school nurse testified about her concerns that with the proposed reduction in the nursing staff certain health services would be difficult to provide; however, no evidence was presented that the proposed layoffs would violate any federal or state mandated minimum services.

services was necessary to decrease the number of certificated employees of the District as determined by the Board.

### *Respondents' Contentions*

11. Several respondents joined in making the following arguments: (a) one of the criterion the district used to define competency in connection with teaching Mandarin Chinese, French or Spanish Programs in the immersion setting was "teaching experience in that language immersion program in the 2011-12 school year." Respondents contend that this requirement lacks justification and is "drawn too narrowly in that the training and experience is limited only to those presently teaching the particular subject." (b) the same criterion, teaching experience gained during the 2011-12 school year, is also used to define competency for retention priority in the IB program, and respondents contend this requirement, as with the immersion program, is "too narrow" and is thus, unreasonable. (c) Finally, as to the QEIA program, the district defined competency as training and experience obtained in a QEIA assignment during the past three school years, including the 2011-2012 school year. Again, respondents contend that this criterion is also "too narrow" and is thus, unreasonable.

12. One respondent testified that he was Highly Qualified and that if his Highly Qualified status had been considered in conjunction with his supplemental authorization he could have bumped a less senior teacher and would not be subject to layoff. That respondent, however, also acknowledged that "as of March 15, 2012," he had not submitted his Highly Qualified paperwork to the District and there were no documents currently on file with the District indicating his Highly Qualified status.

13. Several respondents questioned the wisdom of the proposed cuts.

### *Findings Concerning Respondents' Contentions*

14. The Deputy Superintendent of Academics for the District testified concerning the teaching experience aspect of the immersion, IB and QEIA programs. All of these programs are constantly changing with regard to teaching techniques. They all involve a large degree of "site based training" and current experience is of paramount importance so that the teachers are "fully trained" at the beginning of 2012-13 school year. All of the programs have experienced problems in the past when there were transitions in teaching staff. There is a certain amount of collaboration among teachers in the programs necessary for the smooth and successful operation of the programs. One teacher testified that in the language immersion programs there is "a lot of experience involved and the experience of teaching in a language immersion setting is extremely beneficial to the program." Another teacher testified that during the 2011-12 time frame, she had 80-90 hours of IB and technology integration training which is "specific to the curriculum next year and the lack of training would adversely effect collaboration at the school site. Teachers need to be current with newer concepts such as applying self-assessments." Finally, another teacher testified that QEIA is "Act-funded" and the training is "different for different campuses" and this year's training (2011-12) is "different than previous training."

In sum, the immersion programs, IB programs and QEIA<sup>2</sup> programs all involve dynamic concepts and as further information is gathered in these programs, the programs are modified to conform to the new teaching concepts. They are constantly changing programs and those teachers who are current with the changes and with implementing the constantly evolving concepts and teaching designs are the teachers who keep the programs viable. There is nothing unreasonable, arbitrary or capricious in the District's desire to keep the highly trained teachers who have gained the most recent, up-to-date training in these programs.

15. Credentials must be on file with the District prior to the March 15<sup>th</sup> deadline; otherwise, the District is not required to consider them in the RIF proceedings. (*Campbell Elementary Teachers Association, Inc. v. Abbott* (1978) 76 Cal.App.3d 796, 814-815; *Degener v. Governing Board* (1977) 67 Cal.App.3d 689, 698.) Consequently, as a matter of law, the District properly disregarded the Highly Qualified status of the teacher who testified because documentation of his Highly Qualified status was not on file with the District on or before March 15, 2012.

16. It is inappropriate to question the overall wisdom of proposed reductions in force as part of these reduction in force proceedings. No one involved with these proceedings would argue that reductions in school forces is beneficial to the educational goals of society; however, the economic reality is that school districts can only fund a finite number of services and the number of services is dictated by the amount of money available to pay for provision of the services (the budget). The decision to reduce or discontinue a particular kind of service is not tied in with any statistical computation. It is within the governing authority's discretion to determine the amount by which a particular kind of service will be reduced or discontinued as long as the District does not reduce a service below the level required by law. (*San Jose Teachers Assn. v. Allen* (1983) 144 Cal.App.3d 627, 635-636.) A school district has wide discretion in setting its budget and a layoff decision will be upheld unless it was fraudulent or so palpably unreasonable and arbitrary as to indicate an abuse of discretion as a matter of law. (*California Sch. Employees Assn. v. Pasadena Unified Sch. Dist.* (1977) 71 Cal.App.3d 318, 322.)

17. The Board considered all positively assured attrition that existed, as of the date the preliminary layoff notices were served on respondents, in determining the actual number of necessary layoff notices to be delivered to its employees.

18. No certificated employee junior to any respondent was retained to perform any services which any respondent was certificated and competent to render.

---

<sup>2</sup> QEIA is a funding source; however, the district has used the QEIA funds to develop specific, distinct teaching methodologies/programs that have come to be referred to as QEIA programs. Consequently QEIA, as used in the present proceedings, refers to specifically designed programs that resulted from the QEIA funding.

## *Rescissions/Dismissals*

19. Certain layoff notices were rescinded as a result of the hearing process. Those respondents have been excluded from Appendix C, the final layoff list, and the accusations shall be dismissed as to all respondents not listed in Appendix C.

## LEGAL CONCLUSIONS

1. Jurisdiction in this matter exists under Education Code sections 44949 and 44955. All notices and jurisdictional requirements contained in those sections were satisfied.

2. A District may reduce services within the meaning of section 44955, subdivision (b), “either by determining that a certain type of service to students shall not, thereafter, be performed at all by anyone, or it may ‘reduce services’ by determining that proffered services shall be reduced in extent because fewer employees are made available to deal with the pupils involved.” (*Rutherford v. Board of Trustees* (1976) 64 Cal.App.3d 167, 178-179.)

3. Pursuant to section 44995, a senior teacher whose position is discontinued has the right to transfer to a continuing position which he or she is certificated and competent to fill. In doing so, the senior employee may displace or “bump” a junior employee who is filling that position. (*Lacy v. Richmond Unified School District* (1975) 13 Cal.3d 469.) In fact, the District has an obligation under section 44955 to determine whether any permanent employee whose employment is to be terminated in an economic layoff possesses the seniority and qualifications which would entitle him/her to be assigned to another position. (*Bledsoe v. Biggs Unified School Dist.*, *supra*. at 136-137.)

4. The decision to reduce or discontinue a particular kind of service is not tied in with any statistical computation. It is within the governing authority’s discretion to determine the amount by which a particular kind of service will be reduced or discontinued as long as the District does not reduce a service below the level required by law. (*San Jose Teachers Assn. v. Allen* (1983) 144 Cal.App.3d 627, 635-636.) A school district has wide discretion in setting its budget and a layoff decision will be upheld unless it was fraudulent or so palpably unreasonable and arbitrary as to indicate an abuse of discretion as a matter of law. (*California Sch. Employees Assn. v. Pasadena Unified Sch. Dist.* (1977) 71 Cal.App.3d 318, 322.)

School districts have broad discretion in defining positions within the District and establishing requirements for employment. This discretion encompasses determining the training and experience necessary for particular positions. Similarly, school districts have the discretion to determine particular kinds of services that will be eliminated, even though a service continues to be performed or provided in a different manner by the District. (*Hildebrandt v. St. Helena Unified School Dist.* (2009) 172 Cal.App.4th 334, 343) Districts also retain discretion to determine standards of competency for purposes of teacher layoffs.

(*Duax v. Kern Community College District* (1987) 196 Cal.App.3d 555, 565.)<sup>3</sup> In *Martin v. Kenfield school Dist.* (1983) 35 Dql.3d 294, 299, the California Supreme Court, interpreting section 44956, the analog to section 87744, stated: “[s]uch determinations . . . involve ‘discretionary decisions’ which are within the ‘special competence’ of the school districts.”

5. Junior teachers may be given retention priority over senior teachers if the junior teachers possess superior skills or capabilities which their more senior counterparts lack. (*Santa Clara Federation of Teachers, Local 2393 v. Governing Board of Santa Clara Unified School District* (1981) 116 Cal.App.3d 831, 842-843; *Bledsoe v. Biggs Unified School Dist.* (2008) 170 Cal.App.4th 127, 134-135.)

6. Respondents argue that the competency criteria for teaching immersion programs, IB programs and QEIA programs are too narrow because of the necessity of having experience in the prior year in the case of immersion and IB programs and three years in the case of QEIA programs. In support of that argument respondents rely on language contained in *Duax v. Kern Community College District* (1987) 196 Cal.App.3d 555. In that case, the Fifth District Court of Appeals stated, in connection with the specific facts of that case, that: “The mandate is that the governing board establish a standard of competency that relates to the skills and qualifications of the teacher. That standard was established by resolution of the governing board, and since it requires only one year of teaching in the last ten, not one in the last two or three, we are not persuaded that it too narrowly defines competency.” (Id. At 568) This language is mere dicta and does not stand for the proposition that any time a district defines competency as experience gained in the last one or two years as opposed to ten, then the definition is necessarily “too narrow.” The real issue is whether the definition is based on criteria which are reasonable under the circumstance. That is a factual determination that must be made on a case-by-case basis.

7. In the present instance, in view of the necessity of being current in the continually evolving teaching techniques and collaboration necessary among the teachers in teaching immersion programs, IB programs and QEIA programs, the district exercised proper, reasonable, discretion in determining appropriate criteria for skipping and bumping. Consequently, respondents’ challenges to the district’s proper exercise of discretion lack merit and the district’s proposed layoffs are upheld. Accordingly the skipped respondents, listed in Appendix B, are not included in the final layoff list, Appendix C.

---

<sup>3</sup> *Duax* involved the layoff of community college teachers pursuant to Education Code section 97743, but is applicable here by analogy.

## ADVISORY DETERMINATION

The following advisory determination is made:

1. The accusations served on the 1,534 respondents listed in Appendix C are sustained. Notice may be given to such respondents that their services will not be required because of the reduction or discontinuation of particular services as indicated.
2. The accusations served on the respondents who are not listed in Appendix C are dismissed.
